

So following you will find 5 designs. Depending on your id choose any one of the designs, and implement it in Snack Expo. For choosing the design do this,

Index = Last digit of your Student ID % 5

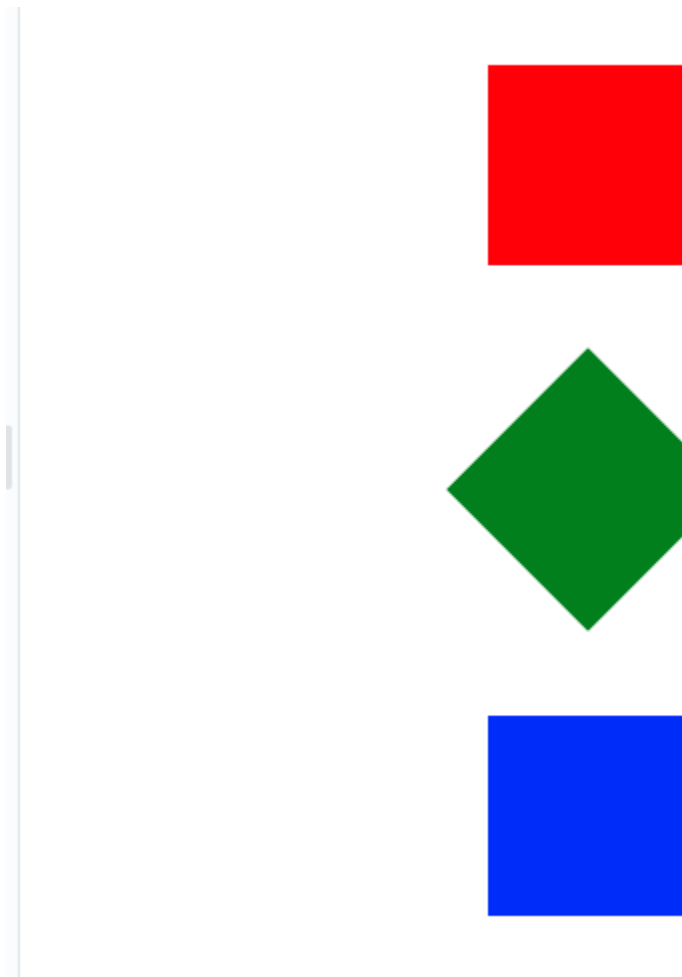

For an example,

Last Digit of 180041123 is 3.

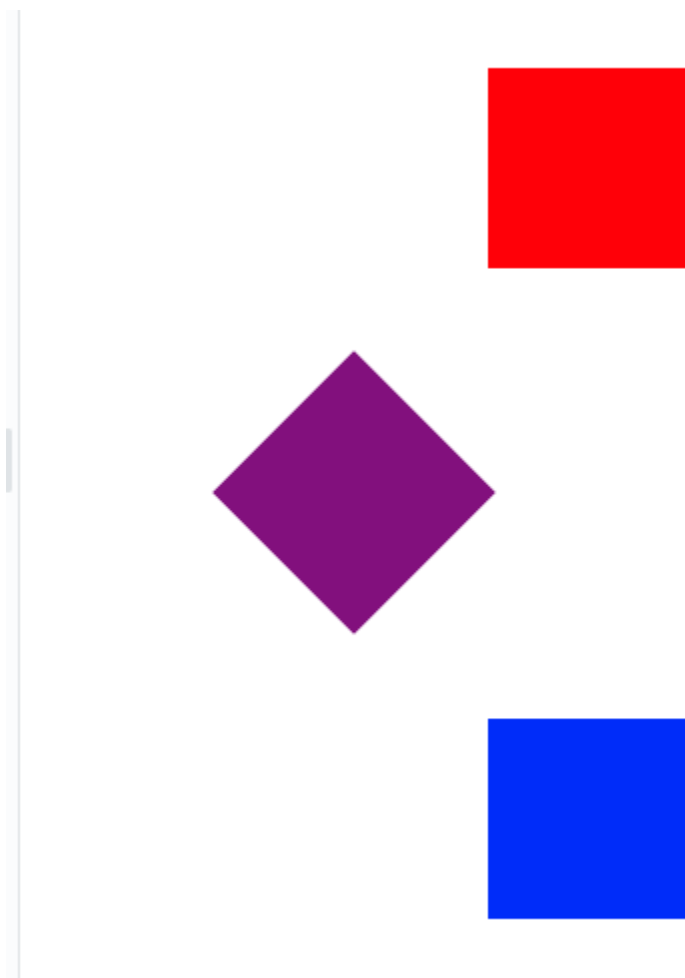

Index = $3 \% 5 = 3$.

So, a student needs to implement design 3

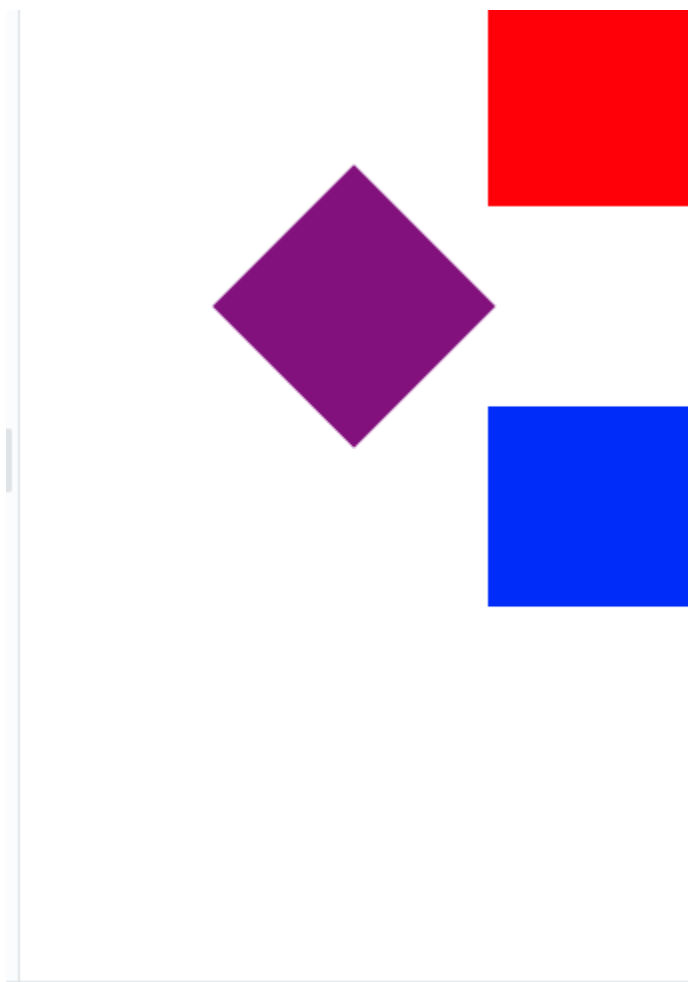

Index 0

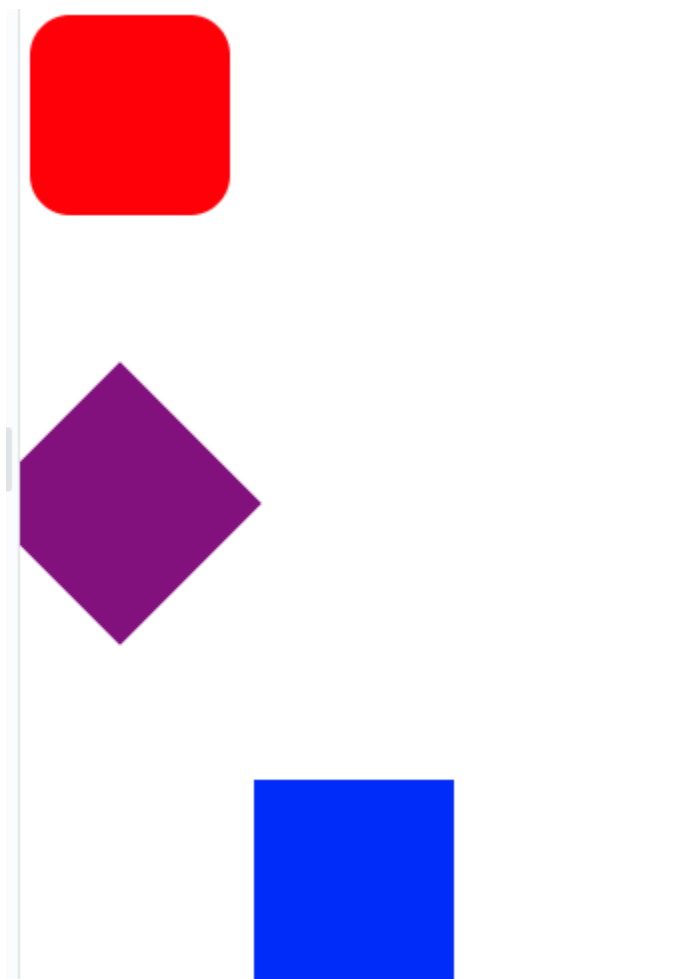

Index 1

Index 2

Index 3

Index 4
